

# ENROLLING IN CIITIZEN

YOUR MEDICAL RECORDS TELL A STORY -  
ONE THAT CAN HELP SHAPE FUTURE  
TREATMENTS.

## WHAT IS CIITIZEN?

Ciitizen is a secure digital platform for storing all of your existing medical records, controlled by you, at no charge. If you choose to share de-identified and summarized medical history with researchers through your account, the information from your records will help us gain a better understanding of DLG4 and get us closer to disease-modifying treatments.

## WHY SIGN UP?

- To help advance research, inform a better understanding of DLG4, and improve clinical trial design.
- To gain easy access to existing health records in one secure digital account.
- To own your health records and control who sees it.

## WHAT YOU NEED TO KNOW

- Signing up is free.
- This is currently for US patients only.
- It only takes about 15 minutes to sign up

## WHAT YOU NEED

- Before you sit down to sign up, gather the following:
  - Computer or mobile phone with a camera
  - Your Photo ID - Drivers License or Passport
  - Your loved one's birth certificate
  - The hospital where your loved one received the DLG4 diagnosis and/or receives care

## NEED SUPPORT?

- Email Ciitizen at [cii-support@invitae.com](mailto:cii-support@invitae.com)
- Join the [Live Patient Support Office Hours](#) on Wednesdays from 1:00pm - 4:00pm ET
- Call the Invitae's Ciitizen Platform Care Line at [\(1-855-244-8493\)](tel:1-855-244-8493)
- Schedule a time for [one-on-one assistance](#)
